

CODA

Perennial Ryegrass

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

Coda is our latest elite Perennial Ryegrass release from Peak Plant Genetics. The improved genetics of **Coda** make it the right choice for heavy use areas such as lawns, golf courses and sports fields that expect premium turf quality.

With exceptional dark green color, high turf quality and high establishment rating are just some of its attributes. **Coda** also has great performance under traffic stress and superior resistance to diseases such as Gray Leaf Spot and Pink Snow Mold.

Features & Benefits

- > EXCELLENT OVERALL TURFGRASS QUALITY
- > HIGH TRAFFIC STRESS PERFORMANCE
- > DARK GREEN COLOR
- > GRAY LEAF SPOT RESISTANCE
- > PINK SNOW MOLD RESISTANCE
- > HIGH ESTABLISHMENT RATING
