

# ENSEMBLE BLEND

## Tall Fescue

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

Why settle for the virtues of one variety of Tall Fescue when you can have the benefits for several. An individual variety has strengths and weaknesses, but when combined with other varieties these weaknesses can be compensated for by strengths of its companions. **Ensemble** blend is formulated from the best turf type tall fescues available and the results are simply sensational. Dwarf growth habit, dark green color, brown patch resistance and endophyte enhancement for improved insect resistance make **Ensemble** the smart choice for all of your turf Tall Fescue needs.
