

# FIRENZA II

## Tall Fescue

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

**Firenza II** Tall Fescue has exceptional turf characteristics, including: dark green color, fine leaf texture, high density, and highly ranked uniformity. In the NTEP test, it was ranked #5 in the spring greenup category and #7 in the uniformity category. **Firenza II** has resistance against grey leaf spot, brown patch, pink patch, and pythium blight diseases. This variety has been a top performer in Southeast, Transition, and Northeast regions.
