

# INTERLUDE

## Perennial Ryegrass

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

**Interlude** Perennial Ryegrass was introduced in the fall of 2008, the offspring of only the best performing breeder plants. You expect that modern turf type Perennial Ryegrasses will possess outstanding turf qualities and **Interlude** does not disappoint. Dark color and fine leaf texture make it an excellent choice as a stand alone variety or as a component of mixtures and blend. **Interlude** is well suited for many applications, including fairway overseeding, home lawns, athletic fields and general purpose areas. **Interlude** is a Perennial Ryegrass that will deliver the performance you need and expect.
