

LS3000 CHEWINGS

Fine Fescue

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

LS3000 Chewings was developed by Dr. Virginia Lehman of Blue Moon Farms in partnership with the University of Rhode Island thru years of cooperative research. **LS3000** is from result of crosses from three populations of plants using a selection process with salinity amended soil and a soil media that forced root competition for moisture. **LS3000 Chewings** establishes a very dense turf with superior overall turf quality throughout the year. **LS3000** is an ideally suited variety for golf courses, parks, commercial and residential properties. With its fine leaf texture and improved color it blends well with Kentucky Bluegrass and Perennial Ryegrasses.

Features & Benefits

- > EXCEPTIONAL WEAR RESISTANCE
- > BROAD SPECTRUM DISEASE RESISTANCE
- > EXCELLENT DROUGHT TOLERANCE
- > EXCEPTIONAL RECOVERY WHICH MAKES IT A MUST FOR A WIDE VARIETY OF MAINTENANCE APPLICATIONS
