Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

**Manhattan 5 GLR** promises to set the standard for another long run of high quality seed and top performance. Produced by the Manhattan Ryegrass Growers Association, this new cultivar will continue to build on the laurels created by the 40-year history of this program. While bred to withstand attacks of Gray Leaf Spot, **Manhattan 5 GLR** also possesses salt tolerance, and resistance to not only stem rust, but also leaf spot. It's dark green color and fine texture will insure it continues to be prominent in overseeding programs and permanent turf programs across North America. It's excellent yield potential guarantees good availability at competitive prices.

The logo for Manhattan 5 GLR features the word "Manhattan" in a red, cursive script font. Below it, the number "5" is written in a large, bold, blue sans-serif font. To the right of the "5", the letters "GLR" are written in a smaller, blue, sans-serif font, enclosed within a circular emblem.
