Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

Octave Perennial Ryegrass is a current release from Blue Moon Farms. It features elite qualities, including a dark green color that lasts through the winter for an easy transition to spring, fine leaf texture, and resistance to diseases. It functions successfully as a stand alone variety or as a blend component. **Octave** is a great choice for your sports field, golf course, lawn, and landscaping needs. It is a perennial ryegrass that will deliver the performance you need.
