

OVERTURE BLEND

Perennial Ryegrass

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

As good as new release Perennial Ryegrass varieties may be there are still inherent weaknesses that may exist within any given variety, limiting the overall performance in real world turf applications. Over the years, blends of two or more Perennial Ryegrass varieties have demonstrated their ability to provide a broader range of disease resistance, turf quality and longevity than most varieties can provide if planted alone. **Overture** is formulated from our array of highly ranked Perennial Ryegrass varieties to provide the broad spectrum turf performance and economic benefits that are required from any top quality Perennial Ryegrass blend.

Features & Benefits
