

WATERWORKS

Kentucky Bluegrass

Value

Innovation

Service

Expertise

Blending innovation and value into exceptional seed products. Mixing incredible service and expertise to form lasting relationships.

WaterWorks is a revolutionary development in Kentucky Bluegrass, resistant to both traffic stress and Dollar Spot disease, while also proving to be drought-tolerant, achieving the rigorous standards of TWCA (Turfgrass Water Conservation Alliance). With superior genetic color, **WaterWorks** is a superior choice for regions with watering restrictions. **WaterWorks** is ideal for sports fields, parks and recreation, landscaping applications, as well as sod production.

Features & Benefits

- > TWCA QUALIFIED GRASS SEED
- > SUPERIOR GENETIC COLOR
- > WATER SAVING AND HARDY
- > SUITED FOR VARIOUS APPLICATIONS
